

# The Cincinnati, New Orleans & Texas Pacific Ry. Co.

## NOTICE

Cincinnati, Ohio, March 16, 1911.

## To the Public:

The Management of The Cincinnati, New Orleans and Texas Pacific Railway Company believes that the public should be advised of the reasons for the present difficulty with the white firemen who left the service of the Company on March 9, 1911.

The railroad is divided into three operating districts.

The Third District is the one between Chattanooga, Tenn., and Oakdale, Tenn., a distance of 84 miles.

In 1904, before the present Management had charge of the operation of The Cincinnati, New Orleans and Texas Pacific Railway, it was not possible to secure enough white firemen to operate trains between Chattanooga and Oakdale.

Because of the inability to secure the required number of white firemen, the Company was forced to employ negroes as firemen and has had negroes in service constantly as firemen since 1904 on that part of the line between Chattanooga and Oakdale.

The agreement between the Management of The Cincinnati, New Orleans and Texas Pacific Railway Company and the firemen applies to all firemen.

The Committee representing the white firemen demanded that The Cincinnati, New Orleans and Texas Pacific Railway Company should, within 90 days, discharge from the position as firemen all colored men so employed and to agree that hereafter no negroes shall be employed as firemen.

The Company declined to grant this demand, and, thereupon, the committee representing the white firemen gave notice of their purpose to leave the service of the Company.

The committee gave this notice to take effect in less than twenty-four hours—in conflict with Article 45 of the agreement dated July 1, 1910, which provides that 30 days' written notice shall be given of any purpose to revise or abrogate the agreement.

The Management of The Cincinnati, New Orleans and Texas Pacific Railway Company immediately filed protest against this action, but, although an investigation was promised, no final answer has been given by the committee representing the firemen or by the officers of the firemen's organization.

The Erdman Act provides for mediation between a railroad and its employees, and at the last conference, on March 9th, before the strike order took effect, the committee representing the firemen was urged to consent to mediation.

This was declined, but, as the law provides that either party may make application to the mediators, a telegram was at once sent by the railroad company to Judge Martin A. Knapp, (appointed by President Taft as one of the Board of Mediation, Washington, D. C.), requesting him to immediately use his good offices with the firemen to bring about mediation.

Although the Management of The Cincinnati, New Orleans and Texas Pacific Railway Company has been always willing to accept the services of Judge Knapp as mediator the officers of the firemen's organization and the committee representing the firemen have declined to accept his services.

The Cincinnati, New Orleans and Texas Pacific Railway Company has at all times faithfully carried out the provisions of the contract between the Company and the firemen.

Negroes are not employed as locomotive engineers, and the Company will not promote or employ negroes as engineers.

When the white firemen left the service of the Company on March 9th, on less than twenty-four hours notice, it became necessary for the Company to obtain such firemen as could be obtained to move the passenger and freight trains and to meet the needs of the public.

The Cincinnati, New Orleans and Texas Pacific Railway Company has always endeavored to give good service to its patrons and to meet in every way as a common carrier the needs of the public. It is recognized throughout the entire country as a high class railroad, and the Management will appreciate any assistance which can be rendered by the citizens in sections through which The Cincinnati, New Orleans and Texas Pacific Railway runs in restoring the former satisfactory service.

This statement of the situation is made so that all persons interested and the public generally may know the actual conditions.

H. BAKER,

General Manager.

FOR THE PEOPLE.

The California legislature passed a bill for the initiative referendum which received Gov. Johnson's signature and it will become a law after sixty days. The bill provides for recall elections for elective municipal officers at any time after they have held office four months, upon petition of twenty-five per cent of the registered voters of the town. The officer against whom the recall is directed is made a candidate for re-election unless he states otherwise. Municipal legislation may be initiated upon petition of twenty-five per cent of the registered voters, and unless the governing body passes the proposed legislation, it shall be submitted at a special election within thirty days if the petition carries signatures of only ten per cent of the voters it shall be submitted at the next regular municipal election unless meanwhile it is passed by the governing body.

Boosters were at Danville Monday from Lancaster for the big fair which will be held this year in that bustling little burg. Col. I. M. Dunn was also announcing that Danville will have one of the best fairs in its history. There seems to be no desire on the part of any one in Lincoln to promote another Stanford fair, so Lincolnites will take it out in attending the Danville and Lancaster fairs, again this year.

Low Brown, a transplanted Kentucky editor has bought a \$1,200 motor boat, at St. Petersburg, Florida, where he runs a money-making daily. Next thing we hear of, Ed Walton will be flying around amongst the orange groves in a high priced automobile, while we poor Kentucky scribes are standing at the door with a club in hand, trying to fight the wolves away.

Some of the professional politicians have persuaded Judge Reed, of Paducah, to get into the governor's race. He'll wish he had told them to "get behind me, Satan," when the vote is counted.

## PERRYVILLE

Farmers are busy in this part of the Blue Grass plowing and preparing to make their crops.

Willis Broyles bought of Pope Williams a house and lot on Main street at \$3,400, and Len Penny bought the Foster property and will erect a new residence.

Claude Minor sold to Jas. Powell one vacant lot in south Perryville for \$335. George M. Harmon bought of Mrs. Uriah Myers at Mitchellsburg her farm consisting of 28 acres for \$3,200. He also purchased a stock of goods from same party.

Thomas Witham is preparing to erect a handsome residence on the Mitchellsburg pike, near town.

This place is improving rapidly and there is quite a demand for building lots.

Charles Kern went to Wilmore last week. He bought five horses and sold four while there.

J. B. Lester sold to Jas. Whitehouse, of Danville, 35 head of sheep at \$7.

Rev. Stafford filled his appointment at the Christian church Sunday morning and evening.

## The Famous Rayo

Is the Lamp of Real Beauty

because it gives the best light of all lamps. The Rayo gives a white, soft, mellow, diffused light—easy on the eye because it cannot flicker. You can use your eyes as long as you wish under the Rayo light without strain.

The Rayo Lamp is low-priced, and even though you pay \$5, \$10 or \$20 for other lamps, you may get more expensive decorations, but you cannot get a better light than the low-priced Rayo gives. A strong, durable shade-holder holds the shade on firm and true. This season's new burner adds strength and appearance.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven, however, that it is a constitutional disease and therefore requires constitutional treatment. Dr. Caldwell's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and cleanses the system. They offer one hundred dollars for any case it fails to cure. Send for literature and testimonials.

## Free for Stomach and Bowels

We are in receipt of letters from Mrs. Eva Gaskins, 304 Madison St., Topeka, Kans., and Mr. P. H. Gavell, Wagoner, Okla., as well as many others, telling about the wonderful results they have secured in the cure of their stomach and liver troubles by the use of Dr. Caldwell's Syrup Pepsin.

This remedy, as all readers doubtless know, has been before the public for a generation and is now being more extensively used than any other remedy for stomach, liver and bowel complaints. According to reliable testimony, it seems to be a very quick and lasting cure for constipation, indigestion and dyspepsia, liver trouble, biliousness, headaches, sour stomach, gas on the stomach, drowsiness after eating and similar disorders. It is a liquid with tonic effect, and so mild and gentle in action that a child as well as a grown person can take it. In fact, it has no equal for children, women and old people.

It arouses the flow of gastric juice, and by a regular action trains the stomach and bowel muscles to again do their work naturally, and in time medicines of all kinds can be dispensed with. A free sample bottle can be had for trial by sending your address to the doctor, for in this way Mrs. Gaskins, Mr. Gavell and many others first learned of the cure. Later, when satisfied it is the remedy you need, do as others are doing and buy it of your druggist at fifty cents and one dollar a bottle.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. D. Caldwell, 621 Caldwell building, Monticello, Ill.

## THE WARFIELD

Trial 2:24 Trotting. Dark Bay Stallion, 16 hands; foaled August 1901, bred at Village Farm, East Aurora N. Y. First dam Naughty Girl by Rex American 23200, 4-year-old record 2:11 1-4, sire of Battletion, 4-yr. record 2:07 3-4, American Belle 3-yr. record 2:12 1-4 and 18 others in 2:30 list; a son of Onward 1411, record 2:25 1-4, sire of Onward Silver 2:05 1-4 and 170 others in the 2:30 list. Onward was sired by George Wilkes 519.

Second dam Duerna, sired by Mambrino King 1275, sire of 75 including Lady of the Manor 2:04 1-4, Lord Derby 2:05 3-4, Heir at Law 2:05 3-4, 8 others in 2:10.

3rd dam Dotlet, by Nutwood 606, the sire of 14 in the list.

4th dam, Topaz by Strathmore, 408, sire 99 in the list.

5th dam, Millard, by Albion, 6th dam, Ned by Edwin Forest. 7th dam Lady Turner by Mambrino Chief II.

The Warfield was bred to only 15 acres. He has 12 foals all up-headed plenty of style, size and substance and plenty of speed. The Warfield is a representative stallion in all the term implies. To say that he has size, substance and speed only in part emphasize the qualities combined in this son of Dare Devil. He has them and they are such symmetrical characters as to make him a stallion among many. His head and neck, body, feet and legs are perfect and when seen in connection with his faultless gait and great beauty are especially impressive. You should see this horse before breeding. You will say you never looked at a better one.

The Warfield is the only stallion that has 7 dams in the great brood mare list. He has two Mambrino King crosses, two Mambrino Pachen, two Mambrino Chief, one Chimes one Onward, one George Wilkes, one Electioneer, one Nutwood, one Strathmore, more trotting crosses than any stallion alive.

The Warfield is by Dare Devil, 24858 record 2:09. He by Mambrino King 1270 he by Mambrino Patchen, 58 he by Mambrino Chief II. Dam Mercedes, by Chimes 5348, by Electioneer 125.

Dare Devil is a great winner. He won the championship at National Horse Show in 1898, class 4; first National Horse Show 1898, class 2; first National Horse Show 1899, class 10; championship National Horse Show 1900, class 2; first National Horse Show 1900, class 10; first National Horse Show 1902, class 3; reserve Boston Horse Show 1902, class 1; second Boston Horse Show 1903, class 3; second Boston Horse Show 1903, class 2; reserve Boston Horse Show 1903, class 1; third Boston Horse Show 1903, class 7. He sired The Beau Ideal 2:15 1-2, (sire of Frisco Helen 2:05 3-4) Devil's Daughter 2:19 3-4, Sarah Hamlin 2:19 1-4, Trifler 2:22 1-4, Dare Devil, Jr., 2:28 1-2. Will make the present season at our farm on, mile from McKinney, Ky., at \$15 to insure a living colt.

Auctioneer M. F. Kennedy reports the sale of Sam McKee's stock and crop, on the Stringtown pike, nine miles from Paris, on Thursday as follows: Horses \$40 to \$76; cows \$30 to \$40.50; hifers, \$29.50; 2 gilts, \$11 each; corn in crib, \$3.05 per barrel; turkey hens, \$3.75 each; gobblers \$2.75 each; ducks, 60 cents each; chickens fifty-cents each; geese 70 cents each; guineas, 20 cents; household goods and implements sold low—Paris Kentuckian.

At Midway the McBrayer distillery, which is now in operation, has a daily output of nine tons of dried brewers' grain, which is being put into 100 pound bags and shipped across the waters, where it is being fed to cattle by Denmark dairymen who ship their product, especially butter, to the London market, where it is disposed of at a wholesale price no better than that obtained by Kentucky dairymen. If this dried brewers' grain is good for a Denmark dairy cow, why is it not good for a Kentucky dairy cow, thereby saving the cost of shipment for thousands of miles, which is, of necessity, part of the profits of the business?—Lexington Herald.

One of the largest crowds ever seen at a stock sale in this county attended the sale of W. H. Whaley, at Clark & McClintock's barn in Paris, Wednesday, 200 cattle were sold and 100 were not offered for lack of time. Calves brought \$20.25 to \$29; yearling cattle \$27.25 to \$43; 3-year-olds, \$60; long yearlings, \$44 to \$49.25; Jersey cows averaged \$80; grade cows, \$38 to \$75 Jersey heifers, \$15 to \$40; rogs sold low; ewes and lambs \$6.85 to \$8.90; mules \$125 to \$225; horses \$75 to \$255 twenty head of horses averaged over \$200. Everything offered was sold except one horse, and he was only bid to one-fourth his value. The sale amounted to over \$20,000.—Paris Democrat.

## The Human Heart

The heart is a wonderful double pump, through the action of which the blood stream is kept ever flowing round and round through the body at the rate of seven miles an hour. "Remember this, that our bodies will not stand the strain of over-work without good, pure blood any more than the engine can run smoothly without oil." After many years of study in the active practice of medicine, Dr. R. V. Pierce found that when the stomach was out of order, the blood impure and there were symptoms of general breakdown, a tonic made of the glyceric extract of certain roots was the best corrective. This he called

**Dr. Pierce's Golden Medical Discovery**

Being made without alcohol, this "Medical Discovery" helps the stomach to assimilate the food, thereby curing dyspepsia. It is especially adapted to diseases attended with excessive tissue waste, notably in convalescence from various fevers, for thin-blooded people and those who are always "catching cold."
